>Your Faith in Me-a songfic from Jessica Simpson's Your Faith in Me<br>

>'When I see you there I'm so aware how lucky I am, baby.'  
<br>

><br> I was with Mimi again today. I was helping her pick out a birthday present for Sora. When I looked down at her, it made me think.

><br>

>'Cause I don't deserve, I don't come close to understanding baby.<br>The logic of your kind of trust. It amazes me.

>It's the more like you would care enough to just believe.'  
<br>

><br> Why would someone like her want to be with someone like me? I mean, she's popular, and great-looking. I'm a known rebel and completely unfriendly. I still can't explain why she trust me and care for me so.

><br>

>'Your faith in me. <br>It pulls me through when there's nothing around to hold onto.'

><br>

> We've been through a lot together. Especially about my problems. she'd always been there for me. She always know exactly what to do, and exactly what to say. If the whole world decides to betray me, I know that I'll always have her.<br>

><br>'When I fall, when I'm weak, all the strength that I need is your faith, baby.

>Your faith in me.'  
<br>

><br> When I'm lost, I know that I can turn to her anytime. She's

always kept faith in me, and I've always kept faith in her.  
><br>  
>'Even when you're gone I get along, cause our love is real  
baby.<br>It's like salvation to my soul cause that's how it feels,  
baby.'  
><br>  
> Our love is what heals my soul when I'm down. It's like a Gatorade  
boosting up my energy, except we're more than that, much more...<br>  
  
><br>'The sacred thing that I keep close to carry on  
>And I know that I will be all right and you're here at all.'<br>  
> She will always be on my mind. I'll always grasp on to this bond  
between us. When we're together, all of our worries fade. I'd love to  
keep that no matter what it takes.<br>  
><br>'Your faith in me. It pulls me through when there's nothing  
around to hold onto.  
>When I fall, when I'm weak, all the strength that I need is your  
faith, baby.<br>Your faith in me.'  
><br>  
> I love her for being there for me. I love her for being herself. I  
can always count on her to be there. She is like my shelter from the  
rain. She battles her best with my problems.<br>  
><br>'You make me feel I can walk on water. (I can reach above the  
stars)'  
><br>  
> Before I met her, I felt like a complete fool who couldn't do  
anything for beans. Now, I feel that I can do much more. I feel that  
I can do anything.....for her and to protect her. <br>  
><br>'And now then comes our guessing, safe within your arms.'

><br>  
> The future is a mystery which no one can predict. But I know that  
as long as I have her, there's nothing to worry about.<br>  
> <p><p>

file.
